### GOOD GENERAL DEMAND **DEVELOPS IN COTTON**

NEW YORK, Sept. 25 .- The cotton market opened firm. The late months showed firmness as the call progressed. The opening was much better than due on the cables and there seemed to be a good general demand with some of he recent sellers big buyers.

After the call the list worked up to an advance of 7 to 9 points over Saturday's closing, October showing the least gain. The stability of the mar-ket was largely promoted by comparatively small receipts and bullish advices from spot markets of the South.

Wilker was represented by Attorney E. Richard Shipp. He pleaded not guilty to the charges, and through his attorney waived the examination. Mr. Shipp obtained bond for the prisoner, who was released.

Accused Man Calm.

Wilker was calm this morning, and talked freely with Mr. Taylor before his counsel arrived. He showed no signs of having sent two nights and a day in a cell. Asked if he had any statement to make for publication, he said "No."

The specific charge on which the prisoner was arraigned was taking from the mails, on September 23, a letter containing a \$\frac{1}{2}\$ bill. It is understood that this was a decoy letter sent by the inspector.

# MANY INJURED BY CAR FLYING FROM RAILS

CHICAGO, Sept. 25.—Many persons were hurt today when a Lake street trolley car, at full speed, jumped its track at Fortieth avenue, tore along the street for 100 feet, and crashed into elevated railway upright, demolishing the car and throwing the twelve passengers and the car crew to the ground. Five passengers, in addition to the motorman and conductor, were taken unconscious to the County Hospital by

He said to a Times reporter, that he could not attend the annual convention of the first-class postmasters to be held at Dayton. Ohio, beginning the 27th instant. There will be no representative from the city postoffice, he said, but the Postoffice Department will have men there in its behalf.

Acting Postmaster General Hitchcock has not yet selected the delegates to attend the postmasters' convention. If the arrangement can be made the Acting Postmaster General will be one of the representatives of the department.

Two of the passengers are said to be fatally hurt.

A defective flange of a front wheel of the car is said to have caused the wreck. Only the fact that the big car, in rushing over the rough street, lost some of its momentum is said to have saved a number of lives, when the trolley crashed with heavy impact against the metal trucks a clistance of twenty feet.

This is the opinion of almost every retail coal dealer in Washington and Baltimore. It is based upon a possible conflict between the United Mine ers of America and the operators of Pennsylvania, Ohio, Indiana, Illinois and Kentucky.

As things look now, a break between the employers and employes after the 1st of April seems inevitable. When President Robsevelt brought the miner and the operators together in 1902, and out a stop to the anthracite strike, it was understood that the agreement was
